# Biography

He obtained diplomas from the most important European music schools (Milan, Geneva, London, Paris and Lugano), with teachers such as Peter-Lukas Graf, Maxence Larrieu, Patrick Gallois and William Bennett. Stefano devotes himself to concertizing both as a soloist and as a chamber musician. He has performed in Europe, Americas and Asia, and has been praised by audiences and critics alike. As a soloist, he collaborated with the chamber orchestras Gli armonici, Stesichorus and the Royal Academy of Music's Symphonia orchestra of London. He also played live on Radio RSI with the Orchestra della Svizzera Italiana of Lugano conducted by Emmanuel Siffert, and on Rai 3 (both radio and television) with the Orchestra Sinfonica "Arturo Toscanini" conducted by Stephen Alltop. In Saint Petersburg he performed Mercadante's Concerto with the Saint Petersburg Philharmonic, conducted by Sergio Monterisi, while in Palermo he played Katchaturian's Concerto with the Orchestra Sinfonica Siciliana conducted by Salvatore Percacciolo. In June 2013 he performed with Francesco Parrino two double concertos with the Saint Petersburg Philharmonic conducted by Fabio Mastrangelo in the Great Philharmonic Hall. As

a chamber musician, he is mainly active as a founding member of the Trio Albatros Ensemble and the Quartetto Due più Due, but has also collaborated with distinguished musicians such as Stephen Burns, Patrick Gallois, Peter-Lukas Graf, Vladimir Mendelssohn, Susan Milan and Antony Pay. He combines performing with teaching. He has given master classes in all of Europe, North and South America, both in the flute and in circular breathing, a technique for which Stefano is an internationally recognised researcher and populariser. Amongst the words spent by many great musicians and flute pedagogues in praise of Stefano's gifts, Peter-Lukas Graf's comment is very significant: "I have had the opportunity to meet Stefano Parrino. He is a flautist with above average technical, interpretative and musical qualities as well as with an interesting personality". Stefano currently teaches at the Conservatorio "Arcangelo Corelli" in Messina.

protagonisti impeccabili erano il flauto di Stefano Parrino, per la cui abilità la scrittura di queste pagine sembrava quasi banale, e l'arpa di Alessia Luise, in perfetto accordo con il collega per fraseggi, tempi, sonorità.

**Musica** September 2015

"Schon die Werke für Flöte ganz allein, solissimo, die Stefano Parrino wunderschön auf der neuen CD musiziert, sind allerhöchstens noch unter professionellen Flötisten bekannt. Ansonsten fallen sie unter die Rubrik: Obskures."

**SWR2** June 2015

Il flautista Stefano Parrino è concertista di vaglia con attivita in tutto il mondo e la sua interpretazione è fluida, intensa per espressività e meticolosa nei fraseggi agogico-dinamici. Le pagine di Kuhlau scorrono talmente spontanee che quasi non si avverte pienamente la tecnica continua della variazione e lo sforzo richiesto al solista in una lettura che richiede quasi sempre respiri opportuni e precisi così come spontaneità ritmica

**Amadeus** May 2015

Stefano Parrino, è musicista di tono e dal fraseggio brillante e leggero, scorrevole e flessuoso sui tasti, anche nei momenti più continuativi del "respiro circolare", delicatamente raffinato in ogni parte: dalle Fantasie, passando per il Capriccio, il Rondò ed il finale Allegro assai.

**GothicNetwork** March 2015

Como por ejemplo en la polonesa del Capricho nº 3 a la que S. Parrino le otorga toda la gracia y elegancia propias de esta danza. Todo un reto a la expresión que Stefano resuelve con una pasmosa facilidad apoyando los más variados colores, articulación expresiva y una amplia y arriesgada gama dinámica. En definitiva, un amplio despliegue técnico y de fantasía al servicio de la expresión, sin perder de vista la naturalidad y clara exposición de la música.

**Ritmo** February 2015

"Parrino performs with conviction and passion this repertoire. What attracts in Parrino's performing style is the wide tonal palette and a moderate use of vibrato, which fits well with this repertoire. Parrino makes surprising choices of phrasing, articulation and rubato...."

..international soloist Stefano Parinno. His playing executes the difficult technical passages with style, finesse, crystal clear sound and light and beautiful articulation throughout the range of the instrument. His variety of sound colour gives all of the different phrasing definition and clarity. The different characters of the motifs are always distinguishable and the music is very much at the forefront.

La scelta del flautista milanese, che conduce con virtuosismo tecnico e voglia di nuove idee e nuovi effetti sonori, sottolinea tutto lo sforzo del metabolismo compositivo, una dimensione innegabile, che esalta il dinamismo, l'energia, la consequenzialita del discorso espressivo, arrivando direttamente al cuore.

**Falaut** February 2015

Confinato nell'asfittico territorio riservato ai pro grammi per strumentisti in erba, Friedrich Kuhlau rappresenta una delle tante figure da riscattare dalle in grate sortidel tempo. Con temporaneo di Beethoven, Schubert e Mercadante. esploratore di insospettabili risorse del flauto come principe dei fiati. Kuhlau rivelava in questa collana inanellata con vitalistica classe dall'ispirato Stefano Parrino anche straordinarie dati di narratore, architetto, poeta. Non un epigono. ma un gigante.

**Il Cittadino** January 2015

Students and teachers will enjoy Stefano Parrino's agility on his flutes (wooden for disc one and gold for disc two) and his glorious interpretations of the operatic melodies.

**Flutist Quarterly**  
Winter 2014

Stefano Parrino takes us in an entirely different direction with "Arie E Capricci...Parrino plays with beauty, virtuosity and style, showing all the emotional and dynamic intensity of the singing lines..Parrino is a wonderful player and there is much music here that I think would be great to learn and use in programs. Here is a quote from Parrino:vDoes a nineteenth century Italian instrumental era exist? It certainly does. It is rich, varied, curious, often pleasant and sometimes noteworthy and considerable" - Stefano Parrino.

**Fluteview** June 2014

Parrino shows wonderful lightness and dexterity in his renditions of all the pieces....

**Pan Magazine** December 2013

Ancora una volta Stefano Parrino offre un saggio interpretativo memorabile. Anzitutto il suono molto particolare, delicatamente morbido e al contempo corposo. Poi l'approccio, che rifugge da ogni generico atteggiamento di enfasi sentimentale e mira invece a individuare l'articolato carattere delle combinazioni per mezzo di un'analisi che dalla struttura formale, dalla scrittura e dall'invenzione tematica trae gli spunti e gli orientamenti per l'interpretazione. Intrecciate a tale riflessiva consapevolezza, la vivacità dello spirito e la brillantezza dell'esecuzione assicurano alle letture non soltanto interesse e fascino ma anche una rara freschezza.

**Falaut** April-June 2013

Parrino adotta un approccio fondamentalmente astratto, che trascende i limiti imposti tanto dalla tecnica strumentale quanto dall'appropriazione della vocalità, per approdare a una lettura del testo in termini puramente musicali... Ognuna delle composizioni assume i contorni di un mondo a sé, definite, plasmato con tecnica impeccabile, attingendo a una tavolozza di colori all'apparenza inesauribile.

**Musica** February 2013

Parrino's playing feels refreshing through and through with beautiful timbre in the different registers. The acrobatic fingering for the capriccios does not pose any problems, and the well-played vibrato and warm tone quality in the lyrical melodic parts are enjoyable. I would happily bring this CD to class to demonstrate first-rate flute playing to my students.

**Huillisti** February 2013

Stefano Parrino, que en esta ocasión hace una magistral demostración de su técnica y musicalidad.

## Mercadante and his works for solo flute

**T**he first recordings of Mercadante's flute music were made in 1988, but it was only in 2004 that the first CD of his flute music was released. In 2009, the first complete recording of his flute music was released. Since then, more recordings have been released, and the flute literature has grown significantly.

Giuseppe Saverio Mercadante (1795-1870) was an Italian composer and conductor. He was born in Naples and died in Paris. He composed operas, symphonies, and chamber music. He was also a conductor and a teacher of music. He was a member of the Royal Philharmonic Society and the Royal Society of Musicians.

His flute music includes several pieces, including 'La poesia di Mercadante' and 'La poesia di Mercadante' (both from 'Flute Works').

## Circolare respirazione

**D**urante una lezione di flauta ho spiegato come la respirazione circolare è un modo per aumentare la durata del suono. La respirazione circolare è una tecnica che permette di mantenere il suono senza dover soffiare con forza. La respirazione circolare consiste nel soffiare con una certa quantità di aria e poi farla circolare nel corpo per utilizzarla nuovamente. La respirazione circolare è particolarmente utile per i flautisti che devono suonare per ore senza fermarsi.
